Stalingrad Iron Works

25X1

1. The Stalingrad Iron Works, National Enterprise, in Mistek (N 49-41, E 18-21) produces only sheet steel, which is of very good quality, and tin plate. It is the largest producer of tin plate in Czechoslovakia. The installations are believed to be all of pre-war manufacture, except for electrical thickness-measuring equipment. Up to 1,500 workers may be employed. Output is not known.

Production of Chains

2. Nearly all the chains produced in Czechoslovakia come from the factories of the Ceska Ves Chain Works (Retezarna Ceska Ves), National Enterprise, in Ceska Ves (N 50-15, E 17-14) and in Mala Moravka (N 50-01, E 17-19), which specialize in nothing else. Chains for industrial use of all sizes and types are manufactured at these two plants.
